## INTRODUCING THE BETCO LTD. WIFI THERMOSTAT

**MODEL: STN855W**

**24V • WIFI • 7 DAY OR 5 / 1 / 1 PROGRAMMABLE • THERMOSTAT**

### STN855W WIFI THERMOSTAT

2 HEAT 2 COOL

**NO BATTERY REQUIRED  
(BUILT-IN CADMIUM BACK-UP CELL)**

#### Specifications:

- Easily configurable WiFi (may be turned off if not required)
- Up to 2 Heat, 2 Cool Conventional | Up to 4 Heat, 2 Cool Heat Pump
- Uses standard 24 VAC (No batteries required)
- Auto changeover with room temperature calibration
- Multiple point scheduling
- Electric or gas configurable
- Backlight
- Heating and cooling setpoint limits
- Filter change indicator (selectable on or off)
- 5 minute compressor delay production (selectable on or off)
- Temperature Range(°F): 32°F-99°F (1°C-40°C)
- Control Temperature Range(°F): 44°F-90°F (7°C-32°C)
- Dimensions: 120 x 98 x 28 mm
- Thermostat wire cooling only - 5 wire
- Thermostat wire heat pump - 6 wire
